Dear parent,

- Every new beginning comes from some other beginning's end.
- Connect is the key to progress. A step forward towards this direction OIS decided to reach out to parents through the newsletter “Impressions”, once every month to strengthen the bond and keep you informed about what's happening at school.
- School is a place where you learn, prepare for life and yet grow and develop to smart individuals. On one side where academics help you to develop intellectually and non-academic events help in holistic development of students.
- At OIS we kick started our academic year activities with a MEGA Health Camp and plantation drive. A sense of responsibility towards self and environment was instilled in them.
- Leaders are not born, they are fine tuned in their school days.
- Investiture ceremony at OIS is an event to bring out the leader in the child. They are nourished to makes them face the world as an adult.
- Competitions help the children to bring out their innate talents and focus on developing their skills. This year long journey will enable us to identify the real talent of our school.
- To collaborate is to achieve, to coordinate is to step forward and to associate is to plan a journey of continuation.

Wishing all of us a successful year.

Dr. YERUKONDA JAYASHREE
Principal

Conversation for *Better Communication*

09 November 2023

The "Conversation for Better Communication" assembly activity at OXFORD INTERNATIONAL SCHOOL DAMMAIGUDA engaged students in dynamic dialogues, fostering essential communication skills. Through interactive discussions, children learned the art of effective expression and active listening, enhancing their ability to connect and collaborate with peers.

ECO FRIENDLY *Green Diwali* 10 November 2023

Raising awareness for an Eco-friendly Diwali underscores the contemporary relevance of Lord Sri Ram's triumph, symbolizing the victory of good over evil. By choosing green practices, we not only honor tradition but also ensure our celebrations align with the enduring values of harmony and sustainability.

Happy Children's Day

14 November 2023

On November 15, 2023, Children's Day Celebrations was joyously celebrated, acknowledging the importance of nurturing and empowering the younger generation. Festivities included educational events, creative activities, and heartfelt tributes to honor the unique qualities and potential of every child.
